T.M.K. FASTENERS

WE CARRY A COMPLETE LINE OF INDUSTRIAL SOLUTIONS

ABOUT US

Having been in the fastener industry for more than 50 years, T.M.K. Fasteners is a very reliable fastener distributor. We have grown with changes in fastener technology and applications. It is our solid commitment to the industry and our customers that allows us to keep doing what we love and be one of the most trusted in the business.

It is important for you to know all our employees are experienced and held to the highest work standard. Our reputation is built on superior products. The bottom line is you depend on your fasteners to keep your company secure and depend on us.

Thomas Kern took over the company in 1998. When his father decided to retire and see the world. Tom decided to focus on just Fasteners. Since then he has been one of the most respected distributor in the industry. His number 1 priority is customer service. He will do whatever it takes to make sure is customers are 100% satisfied.
